Draft letter 10.3.2017 to AVX re 2017 Phase III (catri reply to DL comments).docx

I accepted your redline language, replied to one comment with some language change, and tightened up some things. Let me know when I can finalize; I do want to call Gary to give him a head's up before I hit the send button.

Also planning to take Friday off so would like to get this and Kim's comments out today or tomorrow if possible.

Thanks for the comments. Should I be waiting to hear from Bob and Lynne?
